How to Configure AI Setup In easy.jobs?

Configurations · https://easy.jobs/docs/how-to-configure-ai-setup-in-easy-jobs/

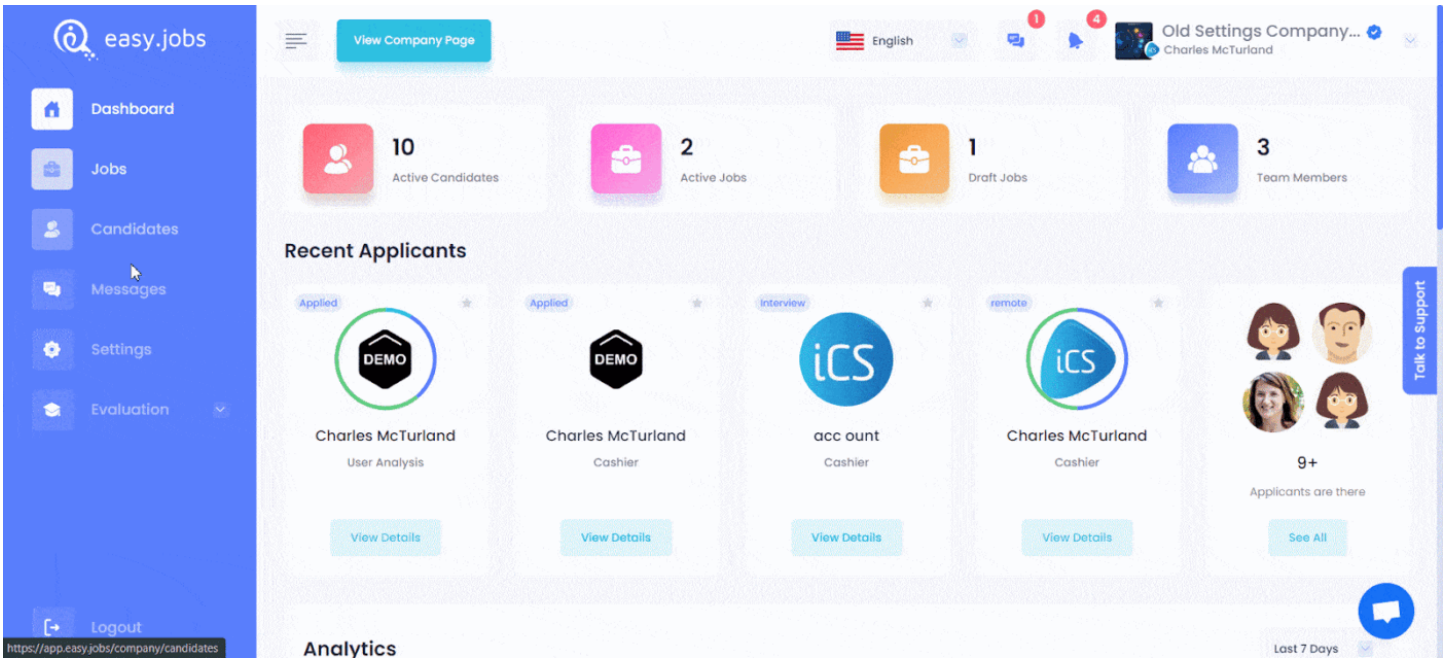

easy.jobs lets you ***easily run AI setup***, configure its settings, and show AI scores from your dashboard to assess candidates automatically.

How To Configure AI Setup Settings In easy.jobs?

Check out the simple and easy guidelines below to learn how to **configure the AI setup** in easy.jobs:

Step 1: Configure The Settings For AI Setup

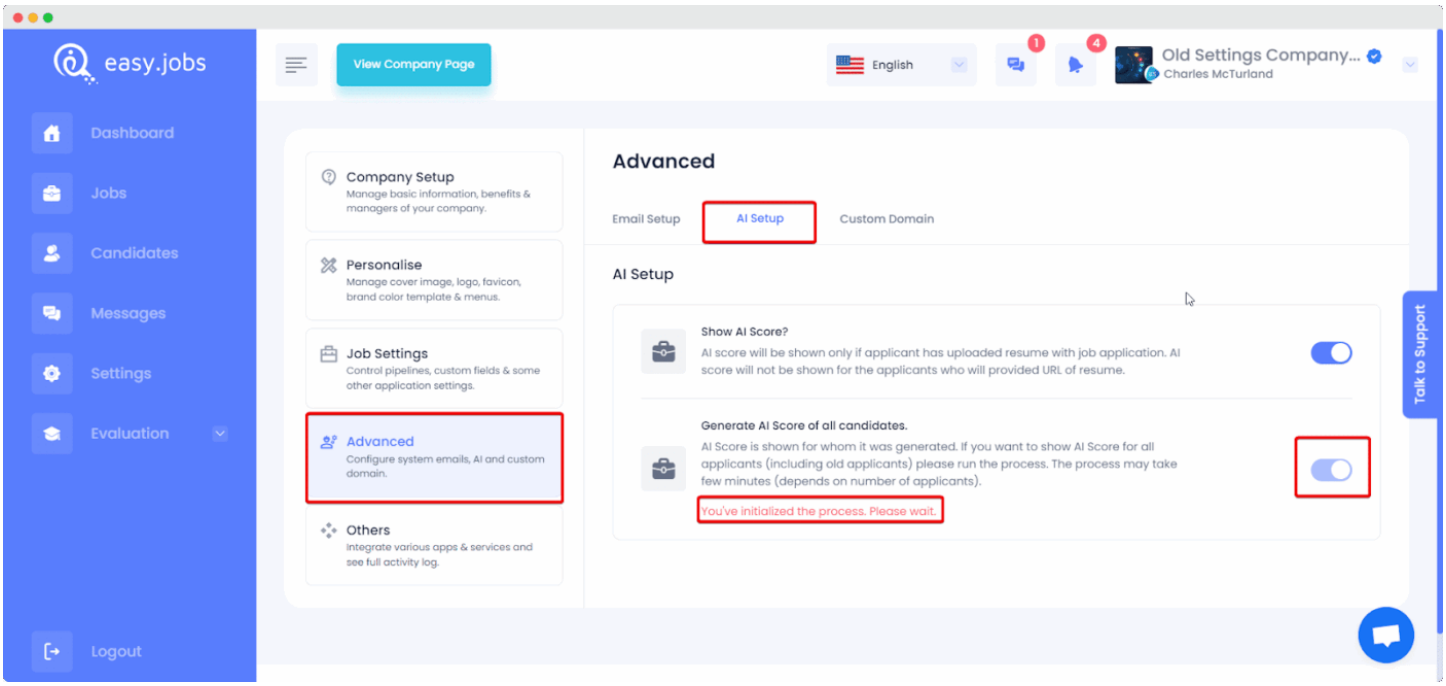

First, log in to your easy.jobs account and navigate to **Settings → Advanced → AI Setup,** from the dashboard side panel.

After that, the '**AI Setup**' page will appear where you need to turn on the '**Show AI Score**' option by enabling the toggle button shown on the page, as you can see in the image above.

Step 2: Run The AI Setup Process In easy.jobs

Afterward, you will see a toggle below ‘Show AI Score?’ and by toggling on the option you can generate the AI Score of all candidates.

*__Note:__ *On clicking ‘__the toggle__ you will get to see the message “You’ve initialized the process. Please wait”*

If you have followed all the steps, congratulations! You have successfully configured the AI setup in **easy.jobs**.
