Configurations · https://easy.jobs/docs/how-to-show-company-benefits-in-a-job-post/

easy.jobs lets you show **company benefits** for each published job post. This is a good way to attract interested candidates.

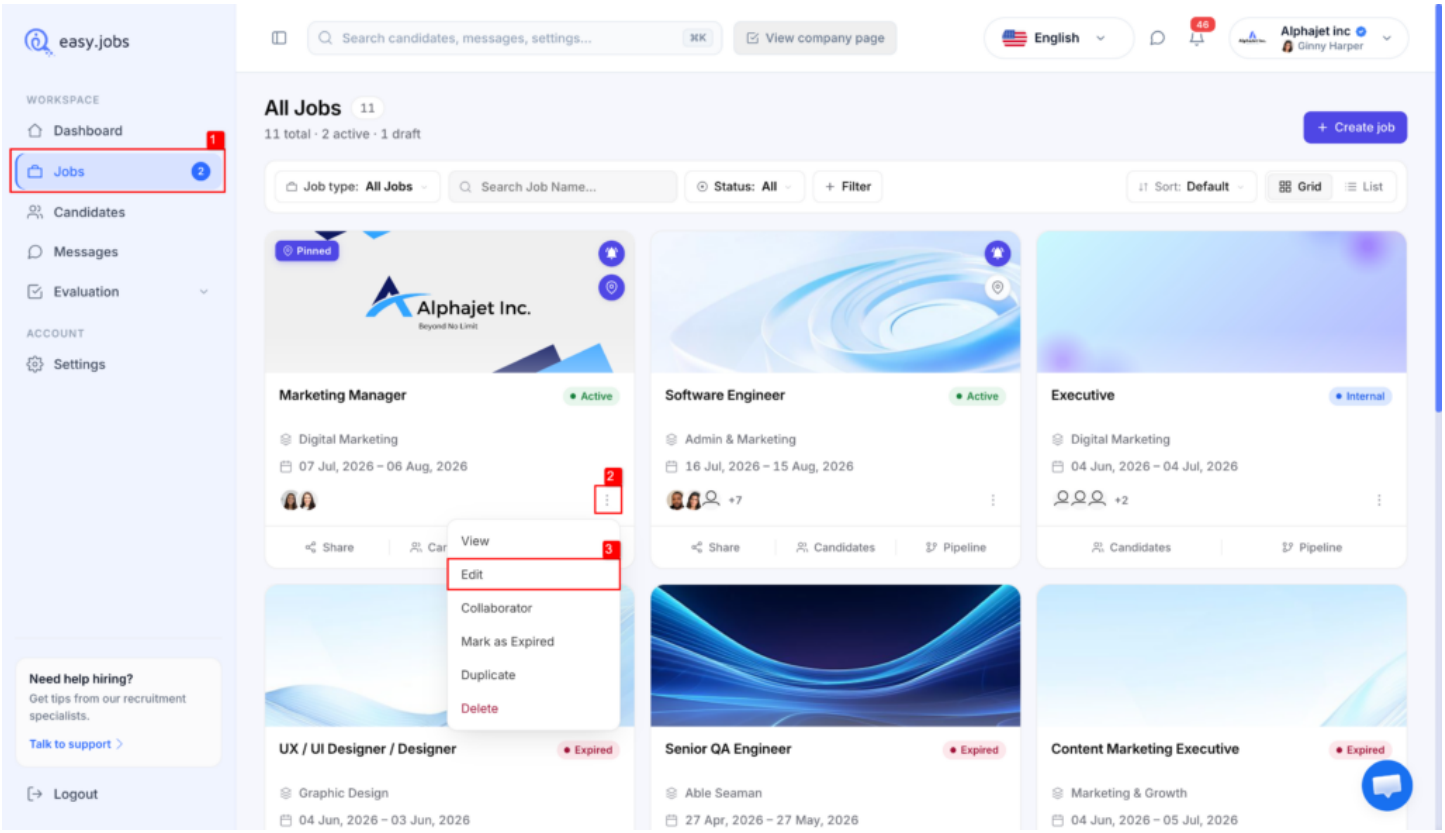

How To Show Company Benefits With easy.jobs?

Follow this guide to learn how to show company benefits in a job post in **easy.jobs**.

Step 1: Configure Your Job From Dashboard

Log in to your easy.jobs account and navigate to **‘Jobs’** from the Dashboard.

After that select a particular job from the job list, for which you want to show company benefits. Click on the **‘**three dot**’** option button. Then you will get a drop-down menu, from there select the ‘**Edit’** option.

Step 2: Enable the‘ Show Company Benefit’ Option

It will take you to this page from where you need to scroll down to find the **‘Show company Benefit’** option. Toggle to enable it. When you preview your job, you will see that the company benefits are now visible.
