You can make your company profile easily verified by **easy.jobs** and successfully proceed with your remote hiring process. Learn how you can know whether your company is verified or not.

How To Know Your Company’s Verification Status?

If you **verify your company profile** in easy.jobs, a verified ‘**Blue’** badge will appear beside the company name on your company page If you are a PRO user of easy.jobs. For the free users, the verification badge color will be **Green**. And if the company is not verified, the badge color will be ‘ **Grey’**.

To check if your company has the verified badge or not just go to **‘View Company Page**' from your easy.jobs dashboard and you are ready to check your company’s verification status.

This is how easily you can check your company’s verification status in easy.jobs.
